Mr. Thomas M. Jovin
542-B N. Bond Street
Baltimore 5, Maryland

Dear Mr. Jovin:

I or someone else in the department will certainly be able to talk with you during your visit to this area in December. It would be preferable, however, to complete the arrangements by telephone after your arrival here rather than to make a rigid appointment now.

We will expect to hear from you.

Sincerely yours,

Joshua Lederberg
Professor of Genetics

Jovin, T.M.
